In the tranquil and exclusive El Campanario, just a five-minute drive from the vibrant Puerto Banús and Marbella, a breathtaking new development is emerging that uniquely combines luxury, design and comfort. This small-scale project of 14 modern villas reflects a passion for contemporary architecture, with an eye for detail and a harmonious interplay between indoor and outdoor living.

Each villa has five spacious bedrooms, each with its own bathroom and elegant walk-in wardrobe. The living areas are spacious and bright, with an open plan design where the fully equipped designer kitchen flows seamlessly into the living room and connects to covered terraces. Large windows provide an abundance of natural light and beautiful views of the surrounding nature, golf course and mountains.

The villas are surrounded by tropical gardens with a private swimming pool, jacuzzi, barbecue area and sunny terraces. In the multifunctional basement space you can effortlessly create your own gym, cinema or relaxation area. Every detail has been carefully finished with high-quality materials and modern technology, such as underfloor heating, aerothermal air conditioning and Apple Home home automation systems.

When purchasing a villa, a membership to the prestigious El Campanario Golf & Country Club is included, giving you access to a heated indoor pool, a modern gym, a wellness centre and an atmospheric restaurant-café.

These villas offer a rare combination of tranquillity, privacy and proximity to all amenities of the Costa del Sol. Situated in a prime location, close to beaches, golf courses, international schools and the best restaurants, they form the perfect base for a stylish and comfortable life in southern Spain.
