Costa del Sol, Estepona

A beautiful residential project is emerging to the southwest of Estepona, combining the essence of Mediterranean living with Scandinavian functionality. Situated between the sea and the mountains, the project offers breathtaking views of the Mediterranean, Gibraltar and even the African coast on the south side. On the north side, you can enjoy a picturesque panorama of the mountain ranges.

The 2-bedroom apartments range from 84 m² to 104 m² and are designed to make the most of light, space and outdoor living. The open kitchen connects seamlessly to the spacious living room, which in turn opens onto a generous terrace – perfect for relaxing afternoons and balmy evenings.

The 3-bedroom apartments, between 114 m² and 132 m² in size, have a smart and comfortable layout. A wide entrance hall with separate technical room offers space for a washing machine and dryer, while the open living space and kitchen give access to a large terrace. The three bedrooms have fitted wardrobes, and there are two modern bathrooms and a separate guest toilet. Each apartment also has two underground parking spaces and a spacious storage room.

The penthouses are the highlight of this project – literally and figuratively. With areas from 120 m² to 172 m² and outdoor spaces that invite you to dine, sunbathe and relax. The layout is well thought out and modern, with bathrooms equipped with spacious walk-in showers instead of bathtubs or bidets. On the spacious terrace there is room for an outdoor kitchen, barbecue and lounge set, so you can enjoy the ultimate outdoor life every day.

A unique opportunity to live in a stylish and contemporary project where peace, comfort and views are central – in the heart of the Costa del Sol.
