Costa Blanca, Pedreguer

In a breathtaking natural setting, yet within walking distance of the center of Gata de Gorgos, this spacious and stylish villa sits on a 2,600 m² plot. The elegant U-shaped architecture creates a harmonious connection between indoors and outdoors, with a charming courtyard garden as the central heart of the house. Large windows provide abundant natural light and open onto several terraces surrounding the house, allowing you to enjoy sun or shade at any time of day.

Inside, the villa offers a warm and luxurious living environment with a spacious living room with a fireplace, a multifunctional room, a large kitchen with a cooking island, a utility room, and several practical spaces. The bedrooms are spread across both wings, with the highlight being the master suite with a walk-in closet and en-suite bathroom. Upstairs, there is a fourth bedroom with an en-suite bathroom, jacuzzi, and a panoramic roof terrace with 360° views.

The high-quality finishes combine modern comforts such as air conditioning, gas heating, high-speed internet (fiber optic and Starlink), an alarm, and home automation with authentic Spanish details like wooden beams, Tosca stone, and characteristic arches. Outside, you'll find a fully equipped outdoor kitchen with a pizza oven, a sauna, an outdoor shower, a beautiful garden, and a driveway with an automatic gate.

Thanks to its central location, you can reach the coast in Dénia, Jávea, or Moraira in just 20 minutes, while also enjoying direct access to nature reserves and hiking trails. This villa offers a unique combination of tranquility, space, character, and accessibility – ideal as a luxurious family home, home office, or holiday retreat in harmony with nature.
