Welcome to an innovative and sustainable living experience in Las Lagunas de Mijas, where modern design, comfort, and nature converge on the enchanting Costa del Sol. This exclusive development offers stylish one- and two-bedroom apartments, designed with elegance, functionality, and light.

Each apartment features a spacious terrace—some even with a private pool—creating a personal oasis of tranquility to relax and enjoy the Mediterranean climate. A parking space and storage room are also included with each home.

The communal areas are focused on well-being and relaxation, with a heated indoor pool, a spa-style outdoor pool, a modern gym, sauna, and yoga room. Here you'll find everything you need for a healthy and balanced lifestyle.

The location is perfect: just five minutes from the highway, within walking distance of the Miramar shopping center, and close to schools, restaurants, sports parks, and the beaches of Fuengirola. A peaceful, family-friendly neighborhood with all amenities within easy reach.

Thanks to the use of sustainable, top-quality materials, the homes achieve an A+ energy certificate. The interiors are equipped with Bosch appliances, while the fitness room and yoga studio feature LifeFitness and KURMA equipment—all with an eye for comfort and quality.
