Costa Blanca, Finestrat

In the heart of one of the most exclusive areas of the Costa Blanca, an exceptional residential project is being built, designed for those seeking tranquility, nature, and elegance, without sacrificing comfort and accessibility. Just minutes from the sea and near the iconic Hotel Asia Gardens, this project offers a unique living experience in an idyllic setting with panoramic views of the Benidorm skyline and the impressive Puig Campana.

The architecture is modern and refined, with an abundance of natural light and the use of high-quality materials that create a sense of luxury and harmony. Each home and detached villa has been designed down to the smallest detail to create a perfect balance between aesthetics, comfort, and functionality – a place where beauty and well-being go hand in hand.

The residential complex offers exclusive amenities that make every day special. Imagine a breathtaking infinity pool overlooking the Mediterranean Sea, a fully equipped gym and sauna, paddle courts, calisthenics areas, expansive gardens, a co-working space, picnic areas, a pétanque court, and dedicated family spaces, including a kids' club and play park.

This project embodies the new Mediterranean lifestyle: a refined blend of nature, luxury, and exclusivity. Here, every moment becomes an experience, every view a memory, and every home a reflection of your lifestyle.
