Costa del Sol, Elviria

This exclusive development of 113 modern vacation homes is designed with light, privacy, and daily well-being at its core. Situated on an elevated site, the homes offer spectacular panoramic views of the Mediterranean Sea and the surrounding mountains, combined with refined architecture and carefully planned interiors.

Each home is spread over four floors and features a private elevator with glass doors connecting all levels. Spacious terraces offer space for a jacuzzi, an outdoor kitchen with barbecue, and cozy seating areas, seamlessly blending indoors and outdoors, allowing guests to fully enjoy outdoor living.

The bedrooms are finished in soft materials and warm tones, with the master suite standing out with its en-suite bathroom, walk-in closet, and private terrace. Two additional bedrooms have built-in wardrobes and share a fully equipped bathroom with modern, neutral finishes.

The living areas consist of an open-plan kitchen equipped with Siemens appliances (with a choice of other brands), a guest toilet, and a spacious living-dining room with large windows providing direct access to the terrace and garden. Each home includes two private parking spaces, a storage room, a laundry room, and direct access to the house. Furthermore, customization options are available to tailor the interior to individual preferences.

For relaxation and well-being, the complex offers a wide range of facilities, including a semi-Olympic-sized heated outdoor pool, a heated indoor pool, a fully equipped gym with yoga and Pilates rooms, a sauna, a hammam, and a hydrotherapy area with ice chutes. Outdoors, there are five sports and wellness areas, yoga and calisthenics areas, an outdoor bar with Balinese beds, communal gardens, and 24-hour security.

Here you will live in a serene, luxurious environment where comfort, wellness, and spectacular views converge – the ideal choice for those seeking a high-end lifestyle on the Costa del Sol.
