Welcome to an exclusive boutique development of just three off-plan villas, located in the sought-after residential area of Torreblanca in Fuengirola. Here, Mediterranean light and Scandinavian design blend harmoniously, just five minutes from the beach and boasting panoramic views of the sea and the mountains surrounding Mijas.

The homes offer approximately 265 m² of built space with 150 m² of stylish interior space, a 60 m² private roof terrace, and a private garden ranging from 150 to 230 m², complemented by a private swimming pool and a 55 m² garage or basement with elevator access to all floors.

What truly sets this project apart is the exceptional level of personalization. From layout to choice of materials, from kitchen and bathrooms to finishes, virtually every interior detail can be tailored to your lifestyle. The villas face south-southwest, allowing the terraces, gardens, and pool areas to bask in the afternoon and evening sun, while the bedrooms and morning terraces welcome the soft morning light.

From the roof terrace, you'll enjoy breathtaking views of the Bay of Fuengirola, the Mediterranean Sea, and the Mijas mountains. The terrace can be fully customized with a lounge area, outdoor kitchen, jacuzzi, or a minimalist design, entirely to your taste. All villas have an energy-efficient certification, pre-installed solar panels, full insulation for optimal year-round comfort, and pre-installation for an electric car charging station.

Torreblanca is known for its peaceful, residential character combined with an international community. The neighborhood has its own train station with direct connections to Málaga and the airport and is close to restaurants, shops, schools, and golf courses. Málaga Airport is just 20 minutes away, Málaga city center is 30 minutes away, and Marbella is 35 minutes away.

This is a fully finished, high-quality home, ready to be personalized to your exact wishes and dreams.
