Discover an exclusive boutique collection of just 36 exceptional apartments where contemporary design and refined luxury merge to create a lifestyle that effortlessly elevates the everyday. Elegant architecture seamlessly blends with spaces designed to bring tranquility, comfort, and harmony. Here, life flows effortlessly between bright interiors, generous terraces, and the stunning Andalusian landscape, bordering a prestigious golf course on the New Golden Mile.

This project redefines modern Mediterranean living. Contemporary design and thoughtful luxury combine to create a living experience where every day feels special. From the moment you step inside, you experience a world of refinement and comfort. Each apartment has been meticulously designed to perfectly balance elegance and functionality. Spacious open-plan layouts, high-quality materials, and state-of-the-art finishes ensure that every detail contributes to a life of comfort and style.

Each apartment is also an exclusive corner apartment, a rare advantage that provides additional space, light, and privacy. Thanks to the limited number of neighbors and the spacious terraces surrounded by greenery, each home feels more like a private retreat than a traditional apartment. The result is a living environment where tranquility and luxury take center stage.

This luxury also extends to the communal facilities. Residents can enjoy a beautiful outdoor pool, a modern fitness center, a stylish co-working space, and a heated indoor pool. In addition, an exclusive spa with sauna and hammam, cozy fireplaces, a pétanque court, and even a dedicated dog park create a unique living experience where relaxation, work, and leisure perfectly blend.

Here you live in perfect balance: surrounded by nature and tranquility, while the vibrant hotspots of the Costa del Sol are just a short distance away. A place where style, comfort, and Mediterranean elegance blend into an exceptional way of life.
