Costa del Sol, Torre Del Mar

Discover a new way of life by the Mediterranean in Torre del Mar, where exclusive homes just steps from the beach offer a perfect combination of comfort, design, and location. This contemporary residential project is situated in one of the city's most attractive areas, close to the promenade and surrounded by all the amenities that make daily life pleasant and simple.

The architecture was designed with a clear focus on light, space, and Mediterranean outdoor living. Large windows, generous terraces, and soft, modern lines create a harmonious living environment where indoor and outdoor spaces flow effortlessly into one another. Here, you can enjoy sun, tranquility, and a relaxed atmosphere typical of the Costa del Sol every day.

The homes are available in various layouts with one, two, or three bedrooms, ensuring there is a suitable option for every lifestyle. Ground-floor apartments feature a private garden, while the upper floors offer spacious terraces with open views. The penthouses stand out thanks to their impressive solariums, where you can enjoy the sunny climate and long, balmy evenings in complete privacy.

Quality is also central to the interior. The apartments are finished with carefully selected materials and high-quality appliances, including fully equipped kitchens with Bosch appliances, elegant large-format floor tiles, and an innovative geothermal heating and cooling system that ensures optimal comfort and energy efficiency all year round.

The residence itself was designed as a place where well-being and quality of life come first. A beautiful swimming pool with atmospheric evening lighting and a sun terrace forms the heart of the complex, while a green courtyard, a bright fitness room, and a modern coworking space contribute to a balanced lifestyle. Various relaxation zones and green spaces complete the picture and create a peaceful, pleasant living environment.

Thanks to the prime location, within walking distance of the beach and with shops, parks, and amenities nearby, this project is an ideal choice for those looking for a permanent home, a second residence, or a valuable investment on the Costa del Sol.
