Costa del Sol, Benahavis

Located in a unique spot where trees give way to an open landscape, this exclusive villa blends seamlessly into its natural surroundings. Thanks to its south-facing orientation and gently sloping terrain, the home enjoys optimal natural light, tranquility, and privacy. The plot, measuring no less than 3,000 m², comprises over 1,000 m² of built-up area, distributed across three stylish levels.

The ground floor features a spacious living area with an elegant living and dining room and a fully equipped kitchen. Additionally, this floor includes a separate service kitchen, two pantries, a guest toilet, a hallway, a wardrobe, and two spacious bedrooms with en-suite bathrooms.

The outdoor spaces are an extension of the interior, featuring four terraces and two covered verandas that invite you to enjoy relaxed outdoor living. One of the verandas is designed as an exclusive pool deck surrounding the impressive 75-meter swimming pool, whose technical installations are discreetly integrated beneath the pool. A changing room and additional storage complete the ensemble. The luxurious master suite is located on the upper floor, complemented by two additional suites and an atmospheric lounge with access to a covered terrace. The basement houses the garage, laundry room, storage rooms, and service rooms, among other amenities, all stylishly and discreetly integrated.

The villa is finished with durable and high-quality materials. The exterior features a waterproof mortar finish for optimal protection and durability. Inside, polished marble floors and refined wooden wall finishes in the bedrooms create a warm and exclusive look.

The bathrooms are custom-designed with marble washbasins and high-quality sanitary ware from premium brands. Large windows with Climalit glazing ensure a perfect balance between natural light, comfort, and energy efficiency.

A private elevator connects all floors effortlessly, while an elegant wood stove adds extra atmosphere and character to the living space. Finally, a fully integrated security system guarantees maximum privacy and peace of mind.
