Exclusive and small-scale new-build project in Torre Pacheco, Murcia, consisting of just two modern single-story villas. Here, privacy, comfort, and contemporary design come together in a tranquil Mediterranean setting.

Each villa features 3 bedrooms and 2 bathrooms and has been carefully designed to offer an optimal living experience. The contemporary architecture and smart layout create open, light spaces that seamlessly connect to outdoor living.

Thanks to the well-thought-out orientation, the homes enjoy maximum natural light all year round, creating a warm and pleasant atmosphere in every room.

The open living space with a fully equipped kitchen – including all appliances – forms the heart of the home and connects perfectly to the garden and outdoor areas.

Outside, each villa becomes a private oasis with its own swimming pool, a spacious sun terrace (solarium), a landscaped private garden, and a parking space on the plot. Everything is designed to fully enjoy the Mediterranean climate in complete peace and privacy.
