Discover this exclusive new-build project in Fuengirola, one of the most sought-after areas on the Costa del Sol. Here, you will enjoy a peaceful living environment with excellent transport links and all daily amenities within easy reach, just minutes from the beach and the center of Fuengirola.

The project consists of only 10 stylish apartments, ensuring a small-scale and exclusive living concept with maximum privacy and comfort. The homes are available with one or two bedrooms and have been designed with various layouts to suit diverse living styles and needs.

The ground-floor apartments feature spacious terraces where you can enjoy the Mediterranean climate and outdoor living all year round. In addition, the duplex penthouses offer impressive private solariums, ideal for relaxing peacefully in the sun with extra privacy and panoramic open space.

Each home is carefully designed with functional layouts, bright interiors, and high-quality finishes. The modern kitchens are fully equipped and fitted with appliances, where design and ease of use go hand in hand in daily life.

Comfort is central to this project. Thanks to the efficient ducted inverter air conditioning system and the aerothermal hot water installation, you enjoy sustainable and energy-efficient living comfort. Additionally, the homes feature reinforced security doors and carefully selected materials that contribute to a modern and high-quality living experience.

Furthermore, the residence includes a multifunctional space that can be configured as desired as a fitness room, coworking zone, sauna, or wellness area, giving every owner the opportunity to fully customize the home to their lifestyle.

The building is equipped with an elevator and offers optional upgrades such as home automation, a jacuzzi, outdoor kitchen furniture, and additional appliances, allowing living comfort to be enhanced even further.

The location is excellent: schools, supermarkets, restaurants, sports facilities, and public transport are in the immediate vicinity, while beaches and the center of Fuengirola are easily accessible.
