Surrounded by mountains and Mediterranean landscapes, this secure residence with 24-hour security offers an exceptional combination of privacy, tranquility, and a refined lifestyle, just minutes from the beaches of Benidorm and Finestrat.

This boutique development is designed with an eye for elegance, comfort, and investment value. It is the ideal choice for those seeking a modern home surrounded by nature, without sacrificing all amenities, recreation, and the vibrant atmosphere of the Costa Blanca.

The homes are distributed across three low-rise buildings and include apartments with 2 or 3 bedrooms and 2 bathrooms, one of which is en-suite. You can choose from various types: ground-floor apartments with private gardens, intermediate floors with spacious terraces, or penthouses with solariums and panoramic sea views.

Each home is designed to maximize the benefits of natural light, space, and privacy. The open living spaces flow seamlessly into the terraces and the green surroundings, allowing indoor and outdoor living to blend harmoniously.

The finishings are of a high standard and combine modern architecture with sustainable and energy-efficient solutions. For instance, the homes feature aluminum windows with thermal breaks, fully installed ducted air conditioning, an aerothermal hot water system, fully equipped kitchens with high-quality appliances, finished bathrooms with furniture and shower screens, and a photovoltaic system that contributes to lower energy costs. Furthermore, each home includes an underground parking space and storage unit, and the project holds an A energy certificate.

The residence also offers beautiful communal areas with landscaped gardens and two large swimming pools, perfect for enjoying Mediterranean outdoor living in complete tranquility.

Sierra Cortina Resort is known for its exclusive and safe living environment, surrounded by nature, hiking trails, and golf courses, while shops, restaurants, and entertainment are just a few minutes away.
