This new residential project consists of 40 stylish three-bedroom holiday homes, designed to combine spacious interiors, practical layouts, and a strong connection to the outdoors. Every detail is focused on comfort, light, and a relaxed Mediterranean lifestyle.

The homes feature open living spaces with a contemporary layout, fully equipped kitchens, and generous terraces that allow the indoor spaces to seamlessly flow into the outdoors. Thanks to the large outdoor areas, the Mediterranean climate is utilized to the fullest, creating a natural extension of the home.

Each home includes two parking spaces and a storage unit, while selected homes also offer a private solarium providing additional outdoor space and privacy. Furthermore, with an energy class A rating, the homes are designed with an eye for sustainability, comfort, and efficient energy consumption.

The project is located in the quiet and green surroundings of Estepona Golf, where modern architecture, open terraces, and beautifully landscaped communal areas come together in a relaxed Mediterranean atmosphere. Surrounded by renowned golf courses, nature, and some of the region's most beautiful beaches, this location offers an exceptional quality of life.

Thanks to the excellent location, Estepona, Marbella, and the fashionable Puerto Banús are easily accessible. Málaga Airport is also less than a 45-minute drive away, ensuring optimal connections.

Within the project, residents enjoy a wide range of high-quality amenities designed entirely for relaxation and well-being. These include two outdoor swimming pools, a pool bar with a lounge area, and a heated indoor pool. Additionally, there is a luxury spa featuring a sauna, cold plunge pool, and shower circuit, as well as a fully equipped gym.

For those wishing to combine work and lifestyle, there are also modern coworking spaces with a shared kitchen. Everything is geared towards a balanced, comfortable, and refined lifestyle on the Costa del Sol — a place where every day feels like a holiday.
