Costa Blanca, Alicante

This stylish new-build project in Alicante is designed for those who value sustainability, comfort, and a high-quality living environment. A modern lifestyle takes center stage here, where architecture, natural light, and well-being come together perfectly.

Thanks to the elevated position, the homes enjoy beautiful, open views of the city and the surrounding landscape, creating a special sense of space and freedom.

The project comprises modern apartments with one, two, or three bedrooms, designed with great attention to natural light, comfort, and energy efficiency. The contemporary architecture is complemented by carefully landscaped communal areas, including a swimming pool, green zones, and a children's play area. This creates a pleasant living environment for families, couples, and investors alike.

Each home features a private parking space and a practical storage unit in the underground garage, which is directly accessible via the elevator. The finishes meet high quality standards and include, among other things, a secure entrance door, air conditioning for both heating and cooling, high-quality insulating joinery with double glazing, and an energy-efficient aerothermal system for hot water. The surrounding area offers a wide range of amenities such as schools, shops, sports facilities, restaurants, and recreational opportunities. Everything needed for a comfortable daily life is within easy reach, while the excellent infrastructure ensures optimal accessibility.

Alicante is known for its pleasant Mediterranean climate, lively atmosphere, rich culture, and attractive lifestyle. This new residential development therefore represents an excellent opportunity for those seeking a modern home in a strategic location where design, sustainability, and living comfort come together seamlessly.

Contemporary apartments for sale. New, high-quality apartments near all kinds of facilities.

2 - 3 bedrooms, 1 - 2 bathrooms, fully equipped open kitchen, air conditioning, underground parking, storage room, terrace, and communal garden with swimming pool.
