Costa Blanca, El Campello

In an exclusive location in Muchavista, one of the most beloved coastal areas of the Costa Blanca North, this stylish new development is rising, featuring just 14 apartments and penthouses. Here, you live within walking distance of the beach, in an environment where tranquility, comfort, and the Mediterranean lifestyle take center stage.

The homes are designed with great attention to light, space, and views. Thanks to the open layout, the living room, dining area, and modern kitchen flow harmoniously into one another, while large windows create a pleasant connection with the outdoor spaces. Furthermore, you can enjoy stunning sea views from the upper floors.

The ground-floor apartments feature a private garden, while the apartments on the upper floors offer spacious terraces to fully enjoy outdoor living. Additionally, the exclusive penthouses feature a private solarium, ideal for relaxing in complete privacy under the Spanish sun.

The project is being finished to high quality standards and offers every comfort for a carefree living experience. The homes are equipped with fully installed air conditioning, electric shutters, a security door, an energy-efficient aerothermal system for hot water, and a fully fitted kitchen with appliances. Furthermore, each home features a private parking space and storage unit.

The communal areas have also been designed with relaxation and well-being in mind. Residents can enjoy a beautifully landscaped swimming pool and well-kept garden areas that create a peaceful and pleasant atmosphere.

Muchavista is known for its wide sandy beach, relaxed character, and excellent amenities. The combination of sea, nature, restaurants, shops, and recreational opportunities makes this location particularly attractive for both permanent residence and a second home on the Costa Blanca.

An exclusive residential project where modern architecture, high-quality finishes, and a privileged seaside location come together in a unique Mediterranean living experience.
