The villas in this project form the most exclusive part of this unique residential resort at Vera Playa, one of the last true first-line beach locations in Spain. Here, you live literally a stone's throw from the sea, with direct access to a private beach reserved exclusively for residents. A rare privilege, where tranquility and security go hand in hand with the feeling of endless beach life.

The project comprises a total of only 44 villas, all with two bedrooms and a thoughtful design that focuses entirely on comfort, privacy, and Mediterranean outdoor living. Each villa features its own private pool and a barbecue area, making your outdoor space feel like an extension of the home. Here, every day automatically becomes a bit of a holiday, without having to pack your bags.

The architecture is modern and light, with large windows and open spaces that enhance the connection with the surroundings. Indoors and outdoors flow seamlessly into one another, with terraces overlooking the resort's greenery and, in some cases, even towards the sea. The location in the most exclusive part of the estate ensures a quiet and secluded living environment with maximum privacy.

What makes these villas truly special is the combination of private luxury and extensive resort amenities. Residents have access to two swimming pools, one of which is heated, a stylish Beach Club building featuring gastronomy and relaxation, and an extensive social offering including a fitness center, sauna, business center, kids club, and entertainment areas. Everything is designed to make life here as comfortable as possible, without having to leave the site.

Furthermore, the location in Vera Playa offers a strong balance between tranquility and accessibility. Shops, restaurants, sports facilities, and beaches are in the immediate vicinity, while Almería, the airport, and surrounding coastal towns are also easily accessible.

The apartments within the project reinforce the exclusive character of the whole, but the villas undoubtedly represent the most private and luxurious living concept. A unique opportunity for those looking for a second home or investment in one of the last true beachfront locations in Southern Spain.
