## Costa Blanca, Finestrat

Discover an exclusive new-build project in Balcón de Finestrat, one of the most sought-after residential locations on the Costa Blanca. Here, you live in peace and quiet, surrounded by nature and stunning views, while the vibrant life of Benidorm and the beaches are just minutes away. A combination that remains rare: the serenity of a residential environment with all the amenities of a lively coastal city within easy reach.

The project consists of just 48 modern apartments, distributed across four low-rise buildings that are harmoniously integrated into the landscape. Thanks to the elevated position, you enjoy impressive panoramic views of the Mediterranean Sea, the Benidorm skyline, or the surrounding mountains. The view changes throughout the day but is always worth pausing to admire.

The apartments are designed with great attention to space, light, and comfort. Large living areas flow seamlessly into generous terraces of over 34 m<sup>2</sup>, making outdoor living a natural part of daily life. There is a choice of ground-floor apartments with private gardens, some even with their own swimming pool, spacious apartments with sunny terraces, or exclusive penthouses with a private solarium where you can enjoy the view and the sun in complete privacy.

The finishings are also of a high standard. The homes feature a fully equipped kitchen with appliances, integrated air conditioning, an energy-efficient aerothermal system for hot water, electric shutters in the living area, and stylish bathrooms that are fully finished. For those dreaming of extra luxury, there is also a preparatory installation for a jacuzzi in the penthouse solarium.

The residence was conceived as a contemporary resort where relaxation and quality of life take center stage. Two spectacular swimming pools with waterfalls form the heart of the project, complemented by beautiful gardens, relaxation areas, and a cozy pool bar. Additionally, there is a gym, sauna, coworking space, social lounge, and even a gastronomic meeting area where residents can enjoy the good life under the Spanish sun together.

The location makes the whole experience even more attractive. Within minutes, you can reach the beaches of Finestrat, various golf courses, shopping centers, restaurants, and attractions such as Terra Mítica. Alicante and the international airport are also easily accessible, making this location ideal for both permanent residence and a second home.

A contemporary residential project where comfort, views, and quality of life come together in one of the most beautiful locations on the Costa Blanca. Here, you live not only close to the sea but also close to everything that makes life more pleasant.
