Costa del Sol, Benalmadena

Discover this exclusive villa where modern architecture, comfort, and impressive vistas come together in a unique living experience on the Costa del Sol. This stylish home was designed to make the most of its south-facing location and the panoramic views that stretch across the surrounding area. Here, light, space, and tranquility form the common thread of the design.

Upon entering the villa, you are welcomed into an elegant entrance hall featuring custom-made cabinets and a stylish staircase leading to the upper floor. On the ground floor, there is a spacious open living area where the living room, dining room, and kitchen flow seamlessly into one another. Large windows provide an abundance of natural light and create a direct connection to the covered terrace and the spectacular infinity pool. Indoors and outdoors flow into each other so naturally here that you sometimes forget where the living room ends and the terrace begins.

Practical comfort has also been considered. This floor also houses the laundry room, technical room, and additional storage space, discreetly integrated into the design without compromising the sleek appearance of the home. Located on the upper floor are three spacious bedrooms, each with its own en-suite bathroom. The master suite features a private terrace where you can enjoy the surroundings and the sun in complete tranquility. The two guest suites share a spacious terrace that also overlooks the beautiful landscape. Thanks to a clever architectural layout, every bedroom makes maximum use of the views and natural light.

At street level, there is a separate garage for one car, detached from the main house and easily accessible.

This villa offers everything you would expect from contemporary luxury living: three bedrooms with en-suite bathrooms, generous terraces, open living spaces, and an infinity pool that seems to blend seamlessly into the horizon. The home exudes sophistication and elegance without excess, with a strong focus on quality of life and comfort.

It is no coincidence that this project was named Best Luxury Villa Development on the Costa del Sol. A special recognition for a home that is not only beautiful to look at, but above all, a delight to live in. Here, it is not about impressing the neighbors, but about enjoying an exceptional setting and a home that is perfect down to the smallest detail, every single day.
