Costa del Sol, Fuengirola

In a quiet yet excellently located residential area of Fuengirola, this exclusive boutique project is rising, featuring just 42 luxurious homes. Here, you enjoy a perfect balance between modern architecture, privacy, and the relaxed Mediterranean lifestyle. The beach, the bustling center, and the A-7 motorway are nearby, putting everything within reach without compromising on tranquility.

The apartments are designed with great attention to light, space, and living comfort. Large windows and an open layout create a pleasant living environment where indoor and outdoor spaces flow seamlessly into one another. Each home features a generous terrace of at least 23 m². If you choose a ground-floor apartment, you will also enjoy a private garden of up to 80 m². The penthouses take luxury to a higher level with impressive terraces of up to 150 m² and a private solarium where you can enjoy the Spanish sun all year round.

The communal facilities are also of an exceptional standard. Relax by the stylish saltwater pool with a beach walk-in, unwind completely in the spa and sauna, or stay active in the modern gym. Those who occasionally work from home also have access to a stylish coworking space where comfort and productivity go hand in hand.

This project is designed for those looking for more than just a home. It offers an exclusive lifestyle where design, well-being, and the charm of the Costa del Sol take center stage every day.
