Costa del Sol, Marbella

Situated on a generous plot of over 1,000 m² and perfectly oriented to the south, this exclusive new-build villa offers breathtaking panoramic views of the Mediterranean Sea and the surrounding mountain landscape. The villa was developed by Sands Villas and designed by the renowned architects of Gonzalez Jacobson, effortlessly combining sleek contemporary architecture with natural materials and large windows that seamlessly connect the interior and exterior.

The spacious living floor is conceived as completely open-plan and includes a stylish living room, an elegant dining area, and a modern, fully equipped kitchen. Thanks to impressive sliding windows spanning the entire width, the interior spaces flow harmoniously into the generous terraces. Here, you can enjoy a magnificent infinity pool, a covered lounge with a dining area, and beautifully landscaped gardens that prioritize outdoor living.

The double garage is accessed via the private driveway, while there is space for two additional cars on the driveway.

The interior also exudes pure luxury. High-quality natural stone, warm wooden accents, and subtle designer lighting create a stylish and timeless appearance. The spacious bedrooms each feature an elegant en-suite bathroom. Furthermore, the impressive master suite offers direct access to the terrace, where you can enjoy a spectacular view of the sea every day.

With its refined architecture, high-quality finish, optimal privacy, and exceptional location, this villa is a unique opportunity for those seeking exclusive living in the beloved Marbella East.
