In the prestigious El Rosario district, on the east side of Marbella, this impressive new-build villa is rising, where modern architecture and an exceptional location come together perfectly. Designed by the renowned architectural firm TOBAL Arquitectos, this exclusive home offers a unique combination of design, luxury, and breathtaking views over the green hills and the Mediterranean Sea.

The villa is being built on a generous plot of over 1,000 m² and has been designed down to the smallest detail to take full advantage of its elevated position. Large windows, clean lines, and stylish natural stone accents create a timeless appearance in which light, space, and nature take center stage.

Inside, you will enjoy four spacious bedrooms and an open living space where the living room, dining room, and designer kitchen flow seamlessly into one another. Thanks to the large sliding windows, the interior spaces flow effortlessly into the generous terraces, making Mediterranean outdoor living a natural part of every day.

Outside, a beautifully landscaped garden awaits with an impressive infinity pool and various sunny terraces. Here, you can enjoy panoramic views in complete privacy, take a refreshing dip, or spend a pleasant evening with family and friends while the sun slowly disappears into the Mediterranean Sea.

Despite the quiet and exclusive location, the sandy beaches of Marbella, renowned golf courses, excellent restaurants, and all daily amenities are just a few minutes' drive away. This villa thus combines maximum privacy with excellent accessibility.

This unique property offers an exceptional opportunity to become the owner of a contemporary designer villa in one of the most sought-after locations on the Costa del Sol. A home where architecture, nature, and luxury come together in an exclusive living experience.
