Costa del Sol, Mijas Costa

In one of the most attractive residential areas of Mijas Costa, this exclusive new-build project featuring modern holiday homes is rising. Here, you can enjoy the tranquility of a green environment, right next to a golf course, while the beaches, charming boulevards, and lively centers of Fuengirola, La Cala de Mijas, and Marbella are within easy reach.

The project consists of 63 stylish homes with two or three bedrooms, designed on a single level for maximum comfort and convenience. The contemporary architecture emphasizes space, natural light, and a seamless connection between indoor and outdoor spaces. Large windows create a pleasant living environment where the Mediterranean climate becomes a natural part of daily life.

Each home features generous outdoor spaces that invite you to fully enjoy outdoor living. Spacious terraces, private gardens, sunny solariums, and a private pool create an exclusive setting where relaxation takes center stage. Whether you choose a quiet morning coffee in the sun, a convivial barbecue with friends, or a refreshing dip on a warm summer day, here you can enjoy life under the Spanish sun all year round.

The communal areas have also been designed with well-being and relaxation in mind. Beautifully landscaped gardens, walking paths, and green zones create a peaceful and harmonious living environment where nature and comfort come together perfectly.

The location is an absolute asset. The golf course is situated literally next to the project, and thanks to the fast connection to the A-7, you can effortlessly reach the rest of the Costa del Sol. Málaga International Airport is also a short drive away, making these homes ideal as a permanent residence, second home, or investment.

This project offers more than just a home. It is a modern lifestyle where space, privacy, nature, and comfort come together in one of the most sought-after locations on the Costa del Sol.
