In a quiet location in Torrevieja, two exclusive new-build villas are rising where modern living comfort and Mediterranean life come together perfectly. The popular sandy beach Playa de La Mata is just a fifteen-minute walk away, while shops, restaurants, and all daily amenities are located nearby.

The villas are spacious and contemporary in design, featuring four bedrooms, four stylish bathrooms, and a fully equipped open kitchen that seamlessly connects to the bright living space. Large windows provide an abundance of natural light and create a beautiful connection between inside and out.

The outdoor area is also fully equipped. Enjoy your own private pool, relax on your terrace, or soak up the sun on the spacious private solarium. Furthermore, the generous basement offers numerous possibilities, such as a gym, hobby room, home cinema, or additional living space. Additionally, you have your own parking space on the property.

Torrevieja is known for its charming boulevard, expansive sandy beaches, and lively atmosphere. Nature lovers will also find plenty to enjoy here, thanks to the La Mata Natural Park with its famous pink salt lake and beautiful hiking trails.
