Costa Blanca, El Verger

Discover this small-scale new-build project in El Verger, on the Costa Blanca North. The modern townhouses and semi-detached villas are situated in a quiet area just 1.2 kilometers from the beach and within walking distance of the center with shops, restaurants, cafes, and other amenities.

The homes are entirely single-story and feature two or three bedrooms and two bathrooms, one of which is en suite. The open-plan kitchen connects beautifully to the bright living room and dining area, while large windows create a seamless connection to the terrace, private garden, and patio.

Each home also features a private solarium, ideal for enjoying the Spanish sun. A private parking space and a communal swimming pool provide extra comfort.

The homes are finished to a high standard, including a fully equipped kitchen, built-in wardrobes, double glazing, air conditioning, and an aerothermal hot water system.

The location is also a major asset. Denia and the marina are located approximately 8 kilometers away; La Sella Golf Resort and the Ondara shopping center are also easily accessible.
