Costa Blanca, Calpe

Discover this modern new-build project in Calpe, in a particularly attractive location next to the Las Salinas nature reserve and just 420 meters from the famous La Fossa beach. Arenal beach is also about a ten-minute walk away. Here, you combine the relaxed Mediterranean lifestyle with all the amenities of Calpe within easy reach.

The residence consists of two modern buildings featuring two- or three-bedroom apartments and stylish penthouses. Large windows provide an abundance of natural light and connect the spacious living areas with the generous outdoor spaces. Depending on the type of home, you have a terrace ranging from approximately 10 m² to over 150 m², resulting in exceptional outdoor space for some apartments. The penthouses feature multiple terraces offering a combined outdoor area of over 55 m². Their major asset, however, is their elevated position, allowing you to enjoy better views of the surrounding area.

The communal facilities also make this project a wonderful place to live or vacation. You have access to a large swimming pool with a separate children's area, a sunny solarium, a padel court, a gourmet room, and landscaped green areas. Furthermore, underground parking spaces and storage units are available as an option. The location is ideal for those who like to have everything close by. The Calpe marina, restaurants, shops, sports facilities, and other daily amenities are located in the vicinity. At the same time, you can enjoy the combination of sea, nature, and the characteristic skyline of Calpe with the impressive Peñón de Ifach.

An attractive new construction project for those looking for a modern apartment on the Costa Blanca, with the beach within walking distance and plenty of opportunities to enjoy the Mediterranean outdoor lifestyle.
