Step into the exclusive realm of these fantastic new-build villas, imbued with the iconic Ibiza style. Strategically connected to the vibrant city center of Alfaz del Pi, where shops, sports facilities and schools are part of everyday convenience.

The villa, designed on one level in an elegant L-shape, presents a masterful layout. The public volume, including the kitchen, living room and dining room, harmonizes perfectly with the private volume, consisting of 3 bedrooms, 2 bathrooms, an office space and a useful laundry room/utility room. Upon arrival, a circular hall with curved glass welcomes residents, offering views of an olive tree and the extensive south-facing terrace/pool.

The private area is distinguished by an increased roof height, embellished with wooden beams and panels. An impressively large sliding window, embedded in the wall, connects seamlessly to a generous pergola that acts as a buffer zone between the interior space and the pool terrace. Outdoors, the project offers additional storage space and a spacious pergola above the parking area.

Located between charming Altea and lively Benidorm on the northern Costa Blanca, Alfaz del Pi benefits not only from an excellent location, but also from its proximity to Albir's renowned sandy beach Playa de Racó de l'Albir.
