## Costa Blanca, Alfaz del Pi

These fantastic homes form a masterpiece that is seamlessly integrated into the lush plot. Perfectly connected to the vibrant city center of Alfaz del Pi, including shops, sports centers and schools. What makes these Ibiza homes truly unique is the artful combination of indoor and outdoor spaces, with plants strategically placed along the pathways of each interior window, surrounded by different paving materials, gravel, and a beautiful perimeter wall (landscape project).

The living room, with its open kitchen, is embraced by a beautiful large sliding window that is subtly hidden in the wall, creating a smooth transition from inside to outside. A pergola acts as the perfect buffer between the pool deck and the living area, creating a space for maximum outdoor enjoyment. Add to this a small storage/laundry room off the kitchen and an additional storage area with external access, perfect for various purposes such as a machine room or even an outdoor bathroom.

The villa offers 3 bedrooms and 2 bathrooms, one of which is en-suite in the master bedroom with walk-in wardrobes. Materials and many details can be adapted to your personal preference, and the generous plot even offers space for additional rooms, including the possibility of a built garage.

Beautifully situated between charming Altea and bustling Benidorm on the northern Costa Blanca, Alfaz del Pi offers not only an excellent location but also close proximity to the famous sandy beach of Albir, awarded the European Union's Blue Ribbon award.
