Costa Blanca, El Vergel

Imagine waking up to the song of birds, knowing that you are surrounded by nature in your next home on a large flat plot with a single-storey home, i.e. without complications, and with beautiful views of the mountains. If this is what you are looking for then you have found the right one - this property is perfect for you.

This charming house is distributed in three bedrooms, three complete bathrooms, a living room and a kitchen with dining room. In addition, there is an open space that can be used for whatever you need, currently used as a laundry room and dog kennel.

Outside there is a completely private terrace and numerous terraces around the house where you can enjoy the sun or shade as you wish. On the other side we have a carport, chicken coop, gardens and a large plot of land with fruit trees and a purified water canal coming straight from the mountains.

There are many advantages to be found, such as the proximity to supermarkets, shopping centers, schools, probably everything you need, and less than 3 km from the sea and the mountains. That's why we recommend that you don't miss this opportunity and give free rein to your creativity to transform it into the house of your dreams. Don't miss this piece of rural paradise.
