Welcome to an extraordinary project of detached villas with plot in a strategic location in the south-east of Spain. Here the tranquility of the countryside is combined with proximity to the sea, the city and major amenities, as well as excellent connections to the main airports.

Relaxation and tranquility start from the moment you arrive home. The open spaces towards the living room, with large windows, emphasize the relationship between inside and outside, resulting in a harmonious environment that transfers the freshness of the large garden to the interior. This is the perfect place to create pleasant outdoor spaces, including the opportunity to build your own swimming pool and design your garden to your own taste.

A good neighborhood in a pleasant environment, with trees, gardens, cycle paths, and clear views...
The peace you need for your family.

Discover what the urbanization looks like and view the available housing types. You can choose between homes with 2 to 4 bedrooms, spread over one or two floors, and with a large fenced plot. Make this dream world yours.

Detached villas for sale. Choose from different models. Optional private pool.
