Welcome to our latest project in a prestigious residential area of Mijas, surrounded by exclusive villas, clubs and golf courses. Just a short distance from Marbella, Sotogrande and Gibraltar, and excellently connected via the AP7 and Malaga airport, just 35km away. This new residential complex consists of 93 beautiful homes with large south-facing terraces, designed to optimally enjoy the sea view, light and sun.

Choose from homes with 1, 2 or 3 bedrooms. Whether you prefer a ground floor apartment with a private garden, a first or second floor apartment, or one of the penthouses with impressive private solariums, each property comes with a parking space and a storage room.

The homes are designed to fully enjoy the Mediterranean lifestyle. They are characterized by an optimal layout with separate day and night zones, and are designed with eco-sustainability criteria and energy optimization in mind. The kitchens, integrated into the living room, create large spaces open to the outside. The generous terraces with large south-facing windows have been designed to take maximum advantage of the views, light and sun.
