Costa del Sol, Fuengirola

This new development is characterized by space that offers maximum comfort and quality of life. Fantastic communal areas with tropical gardens and swimming pools ensure you can enjoy it all year round. Located in the heart of the Costa del Sol, surrounded by wide sandy beaches and golf courses, this location offers the opportunity to enjoy the best climate in the world.

The architecture is contemporary and the construction sustainable, consisting of two buildings of four and five floors. There are two and three bedroom apartments, penthouses with spacious terraces and ground floor apartments with private gardens. A wide range of properties for all types of needs.

The houses have wooden floors, fitted and equipped kitchens, a storage room and a parking space. A second parking space is optionally available for those who request it. The open spaces and spacious rooms, where the interior and exterior merge seamlessly thanks to the large windows, terraces or private gardens, create a harmonious living environment.

The common areas are designed to meet various recreational and work-related activities. All this creates an environment in which growth and creation are central, where sustainability is integrated into the daily lives of the residents.

You will be able to enjoy everything you need without leaving the residence. The communal areas offer tropical gardens and swimming pools, a gym & wellness, coworking spaces, a children's zone, a laundry, an Amazon Locker and a Social Club for relaxation, sports and meetings with friends.

Modern apartments for sale. Beautiful project, surrounded by tropical gardens and swimming pools.

2 - 3 bedrooms, 2 bathrooms, fully equipped open kitchen, air conditioning, terrace, parking, storage room, fitness, wellness and communal garden with swimming pools.
