Costa del Sol, Mijas Costa

Discover this unparalleled residential complex consisting of 2 and 3 bedroom apartments, including six exclusive garden apartments and luxurious penthouses with jacuzzi and panoramic terraces. These properties enjoy the most sought after orientation on the Costa del Sol (southwest) and a privileged location in the mountains of Mijas, with the beaches of Fuengirola as a backdrop.

The apartments are equipped with a garage, storage room, fully equipped kitchen, aerothermal climate system, home automation system and spacious communal areas. This is an exclusive complex where quality, nature and comfort come together to create a unique place to relax and enjoy life all year round.

The design guarantees the privacy of the residents through the use of hanging gardens, a unique architectural element. These act as a green wall that provides privacy, lowers the ambient temperature in summer and improves air quality naturally.

The interior of the apartments has been designed to make optimal use of natural light throughout the year, creating a warm and cozy atmosphere. The homes feature a large open-plan living-dining area and spacious bedrooms, particularly the master bedroom, which is equipped with an en suite bathroom and walk-in wardrobe.

The complex is sheltered by the mountains of Mijas, halfway between Málaga and Marbella. An environment surrounded by nature that guarantees tranquility while offering the opportunity to quickly access the beaches of Fuengirola and enjoy a multitude of amenities in the area.
