Costa del Sol, Benahavis

This pristine, brand new three bedroom penthouse in the beautiful hills of Benahavis is a fantastic discovery. Located in a prime location within a neat development of eight architecturally attractive, white, contemporary buildings, the penthouse offers breathtaking views over the green landscape to the Mediterranean Sea.

The modern architecture contains Andalusian elements, such as terracotta roofs. Surrounded by tall, manicured hedges and countless palm trees, the lushness of the natural environment is reflected in the abundance of plants and trees within the urbanization's grounds.

Built over two levels, including a beautiful roof terrace, the penthouse has been designed in a fresh, modern style that makes the most of clean lines, double height ceilings and large windows opening onto glazed terraces. The clever combination of indoor and outdoor spaces allows the impressive views to be appreciated from many corners of the home.

The open plan living space of 146 m² plus 223 m² of terraces includes a fully equipped kitchen overlooking the surrounding trees, whilst offering magnificent panoramic views over the surrounding hills and the sea. The kitchen is finished in white, with stainless steel appliances including a large American fridge and high quality worktops.

The breathtaking views include an abundance of trees, some scattered villas and La Concha in the distance. From the upper level, the penthouse also overlooks the swimming pool which shimmers invitingly and features a poolside bar.

The home has three bedrooms and an office, all with an abundance of natural light. The master bedroom and the second bedroom both open onto terraces and have stylish bathrooms. Designed in soft neutral tones, the bathroom furnishings are trendy. The master bedroom has floor to ceiling glass doors on two sides, opening the room to the spacious terrace and beautiful views beyond.

From the ground floor terrace, a solid stone staircase leads to the private roof terrace, where the views are simply breathtaking.

The design of the home is ideal for the outdoor lifestyle that the complex offers all year round, with spacious lounge and dining areas, patio furniture and barbecues. Fully air-conditioned and with marble floors throughout the apartment. The house comes with two parking spaces in the underground garage and a large storage room.

The communal facilities are excellent and enhance the quality of life for residents, with a social clubhouse with restaurant, tennis and padel courts, an outdoor swimming pool, spa and 24 hour security.
