The villa combines a contemporary design with an Andalusian touch. Situated on a plot of 1158 m², the property offers 351 m² of living space and 135 m² of terraces and verandas, all on one floor. The open-plan living room, equipped with a 65" television and an ethanol fireplace, overlooks the garden and La Concha Mountain through floor-to-ceiling windows, flooding the space with natural light. The modern kitchen features Gaggenau appliances, a breakfast bar and an integrated full-height Gaggenau wine refrigerator.

The villa has 5 bedrooms, including a master suite and a separate guest or staff suite. The spacious master bedroom has a private bathroom with Villeroy & Boch sanitary facilities. Three other well-appointed bedrooms are located on the ground floor, each with ensuite bathrooms and neutral decor that creates a spa-like atmosphere.

The roof terrace offers a large barbecue area with facilities for cooking, food preparation and storage. A covered lounge and dining area provides shade from the summer sun, and there is a jacuzzi for relaxing under the stars in the evening.

The villa is equipped with underfloor heating and air conditioning with control units in each room. There is also a laundry room. The property has high-quality security systems, home automation and is equipped with solar panels for optimal energy efficiency.

In the recently renovated garden there is a heated swimming pool tiled with white pearl mosaic tiles and a seating area on the terrace to enjoy al fresco dining in the wonderful Mediterranean climate. The new Chill Out zone is framed by beds with Andalusian plants, olive and palm trees.
