Costa Blanca, Finestrat

Discover an exclusive new construction project of 10 modern design villas, perfectly located in a natural environment with breathtaking views of the sea and the mountains. Near the prestigious Puig Campana golf course and a short distance from Finestrat and lively Benidorm.

This project includes two construction phases with different housing types ranging from 1 to 2 floors, all with 3 spacious bedrooms, 2 or 3 luxurious bathrooms, a living-dining room with integrated kitchen, a laundry room, a large terrace and a beautiful garden with private swimming pool. Outdoor parking is provided, with options for 1 or 2 multi-functional cellars and in some models even a closed underground garage. A solarium is available at an additional cost for those who want to enjoy the panoramic views even more.

Each villa is built to the highest quality standards and the latest construction technologies, including glass balustrades for uninterrupted views, premium porcelain stoneware floors and an armored entrance door for security. The villas have aluminum exterior carpentry with double insulating glass, smooth interior carpentry and fully equipped dressing rooms.

The technical equipment includes a heat pump system for domestic hot water, supported by solar panels, and a powerful electrical installation. Air conditioning is integrated via ducts, while the minimalist designer kitchens are equipped with an island, furniture and appliances. Outside, you'll enjoy a private swimming pool with lighting and a paving or artificial grass beach area, plus a multi-functional cellar that is fully customizable.

The location offers an unparalleled lifestyle on the Costa Blanca, perfectly connected to Finestrat, shopping centres, the A7 motorway, beautiful beaches and vibrant cities such as Benidorm and Villajoyosa. Enjoy just a 30 minute drive to Alicante and its international airport. This is your chance to live in an idyllic setting with all modern conveniences within reach.
