Choose your own style: natural, warm or modern.

Nature comes into these homes through the use of natural fibers, wood finishes and light colors. Subtly marbled surfaces and neutral tones combine perfectly with light woods, creating a relaxed, minimalist and welcoming atmosphere.

A warm mix of modernity and craftsmanship creates an authentic Mediterranean style. Warm wood tones go hand in hand with textured surfaces, natural fibers and fabrics that are characteristic of Mediterranean life.

Elegance, simplicity and warmth come together in perfect balance to give any room a sophisticated and modern look. A cooler, sober color palette combined with dark wood creates spaces that are modern, refined and full of character.

Situated on an exclusive golf resort on the coast, this unique development offers a serene environment that is not often found. Surrounded by rugged nature and lush greenery, the location of the golf course between the various buildings creates a sense of peace and space. From almost every spot you have beautiful views of both the sea and the golf course, contributing to a relaxed and luxurious living experience.

This resort is located close to Mojacar Playa, where you can enjoy a vibrant life with a wide choice of restaurants, bars and beach clubs.
