Welcome to this beautiful project, a new collection of 150 apartments, designed to embrace true Mediterranean living. With breathtaking panoramic views of both the golf course and the Mediterranean Sea, this development offers a perfect home for any type of family, small or large.

This exclusive residence carries the prestigious BREEAM certificate, which stands for global recognition in sustainable and environmentally friendly construction.

Choose your own style in finish: natural, warm or modern.

In these apartments, nature comes inside through the use of natural fibers, wood finishes and light colors. Subtly marbled surfaces and neutral tones are beautifully combined with light woods, creating a relaxed, minimalist and inviting atmosphere.

Here, modernity is effortlessly intertwined with craftsmanship, in a warm and casual Mediterranean style. Warm wood tones harmonize perfectly with textured surfaces, natural fibers and characteristic Mediterranean fabrics.

Elegance, simplicity and warmth come together in perfect balance, giving every room a refined and modern look. A cooler, sober color palette combined with dark wood gives the interiors a sophisticated, modern and characterful feeling.

Situated on an exclusive golf resort on the coast, this unique development offers a serene environment that is not often found. Surrounded by rugged nature and lush greenery, the location of the golf course between the various buildings creates a sense of peace and space. From almost every spot you have beautiful views of both the sea and the golf course, contributing to a relaxed and luxurious living experience.

This resort is located close to Mojacar Playa, where you can enjoy a vibrant life with a wide choice of restaurants, bars and beach clubs. For an authentic Spanish adventure, the charming white village of Mojacar Pueblo is located slightly inland in the mountains, perfect for a peaceful escape and cultural discoveries.
