Costa del Sol, Torre Del Mar

This project was designed with the aim of ensuring the well-being of all its residents. The spaces have been carefully designed by a renowned architectural firm, resulting in a safe, pleasant and family environment. In total there are 131 homes with 1, 2 and 3 bedrooms, including beautiful penthouses with 2 and 3 bedrooms. All homes have a parking space and a storage room.

The interior spaces of this project have a functional and elegant design, with an excellent layout that ensures bright and well-used spaces. They are equipped with all the basic amenities needed for comfortable living, such as fitted wardrobes in all bedrooms, kitchens with furniture and natural stone worktops, ducted air conditioning and bathrooms with showers or baths, depending on your preference.

Take advantage of the natural light on the terrace to enjoy pleasant moments outdoors. Dining in the open air, creating your own garden, reading a good book, exercising, organizing a gathering with friends and family or simply enjoying the beautiful view are just some of the activities you can do in your own home.

Share moments in the garden or by the pool. Here you can enjoy outdoor moments in the communal areas of the residential complex, whether in the large garden or by the swimming pool with salt water filtration.

Located in the Axarquía of Málaga, Torre del Mar has a privileged climate considered one of the best in Europe. It is a dynamic municipality with all amenities such as a hospital, schools, shopping centers... The long beaches and natural environment of Torre del Mar are of excellent quality, making it an attractive tourist destination.
