This exclusive residential complex harmoniously combines contemporary comfort with traditional Andalusian elegance. This unique community is designed for those who value quality, nature and a refined lifestyle, in the middle of the sun-drenched beauty of the Costa del Sol.

The absolute eye-catchers are the spacious duplex penthouses. An open living space with a modern kitchen seamlessly connects to a large terrace where indoors and outdoors merge. On the ground floor there are two comfortable bedrooms and two bathrooms, with an additional service terrace in some homes. The upper floor is entirely dedicated to a luxurious master suite with its own terrace – an intimate place to enjoy the views and tranquility.

The two-bedroom, two-bathroom apartments are also designed with privacy and functionality in mind. The master bedroom has an ensuite bathroom with double sinks, a separate toilet and a stylish walk-in shower. Thanks to the clever layout and large windows, you can enjoy natural light and beautiful views in every room.

The residential complex offers high-quality facilities that will enrich your daily life. Think of an infinity pool with panoramic views, a relaxing chill-out pool, sunny terraces and sports facilities. In the exclusive Club House you will also find a heated indoor pool, a modern gym, co-working spaces and cozy communal areas - all focused on well-being, tranquility and inspiration.

This project is more than a place to live. It is a lifestyle where you experience the best of the Costa del Sol every day.
