## Costa Blanca, Ciudad Quesada

Welcome to an exclusive new build project in the heart of Ciudad Quesada, where modern design, comfort and nature come together. In this stylish living environment you will find 80 contemporary homes with two or three bedrooms, each designed with attention to detail and energy efficiency. Thanks to spacious terraces, natural cross ventilation and high-quality finishes, you can enjoy a relaxed lifestyle under the Spanish sun.

The ground floor homes have a private garden, while the penthouses are equipped with a spacious solarium – complete with preparations for a jacuzzi and outdoor shower – so that you can enjoy the outdoors in complete privacy at any time of the day. The residential complex is surrounded by beautifully landscaped gardens and offers several communal swimming pools, which together form an oasis of peace and cosiness.

Inside, large aluminium sliding doors and clever insulation ensure plenty of natural light, silence and a pleasant indoor climate. Fully equipped kitchens, modern bathrooms and integrated air conditioning take living comfort to a higher level. Every detail – from lighting to security – has been designed to make life as carefree as possible. Each home also has its own parking space.

The salt lakes of La Mata and Torrevieja are close by and offer not only beautiful walks but also a healthy microclimate. In just 15 minutes you can reach the beaches of Guardamar and Torrevieja, and the nearby motorways provide easy access to cities such as Alicante and Murcia.

Whether you are looking for a permanent home, a comfortable holiday destination or a smart investment, these modern homes in Ciudad Quesada offer everything you are looking for. Contact us today and discover your new life on the Costa Blanca.
