In the heart of the prestigious Las Colinas Golf & Country Club, an exclusive new development is emerging that perfectly combines luxury living and natural beauty. Designed with an eye for detail and comfort, these elegant two and three bedroom apartments and penthouses are set amidst a leafy valley on the southern Costa Blanca. Large windows effortlessly connect the bright, open-plan living spaces to the sunny south, where spacious terraces overlook the green surroundings and stylish communal areas.

The ground floor apartments and penthouses are equipped with a private pool, ideal for enjoying the Mediterranean outdoors in peace. The three-bedroom apartments also have a double parking space in the basement and a built-in wine room – an exclusive touch for lovers of comfort and refinement. Each bedroom, as well as the living room, offers direct access to the sun-drenched terrace, making the outdoor feeling tangible everywhere.

Las Colinas is known as an ecological and low-density built domain, where the architecture blends in completely with the natural environment. With 200,000 square meters of Mediterranean landscapes, hiking trails and extensive citrus groves, this resort is a serene retreat for those looking for privacy, tranquility and a deeper connection with nature. Yet everything remains within reach: the beaches and cities are a short distance away and Alicante airport is only a forty-minute drive away.

Living in Las Colinas means coming home to an oasis of luxury and tranquility, where every detail contributes to an exclusive living experience.
