Costa Blanca, Pilar De La Horadada

In sunny Pilar de la Horadada, where the charm of a traditional Spanish town merges with modern luxury, an exclusive residential project of just four stylish new-build homes is being created. These modern holiday homes are located in a quiet, residential area a short distance from the lively centre and just three kilometres from the beaches of the Mediterranean Sea. Here you will experience the freedom of outdoor living every day, with space, light and privacy as a matter of course.

The homes have been designed with an eye for contemporary design, comfort and sustainability. Generous living spaces are enhanced by natural light and a clever layout that suits today's lifestyle. Each home has three comfortable bedrooms and two elegant bathrooms. A private garden and a spacious roof terrace with preparation for an outdoor kitchen invite you to enjoy endless hours in the sun. For those looking for even more luxury, a private swimming pool is optionally available – perfect for relaxing or socialising with friends and family.

Quality is key, with high-end finishes such as underfloor heating in the bathrooms, energy-efficient hot water systems and pre-installed air conditioning via ducts. PVC exterior carpentry with thermal break and an armoured front door underline the comfort and security that these homes offer.

Pilar de la Horadada itself is a place where tranquillity and activity go hand in hand. Here you will find everything you need: from shops and restaurants to sports facilities and lively squares. The proximity to beautiful sandy beaches, golf courses and large shopping centres completes the picture.

These modern homes are a rare opportunity for those looking for a stylish home or a smart investment on the Costa Blanca. Contact us today and discover for yourself why this project could be your ideal next step.
