Welcome to your new dream apartment by the sea! In this exclusive residence in San Pedro del Pinatar, luxury, comfort and elegance come together for a unique living experience on the Costa Cálida.

These modern 2 and 3 bedroom apartments have been designed with space, light and a Mediterranean lifestyle in mind. The ground floor apartments have their own garden, while the upper floors enjoy a generous private solarium – the perfect place to relax, sunbathe or enjoy al fresco dining. Each apartment includes a garage and storage room, and offers access to a beautifully landscaped communal garden with swimming pool and a fully equipped gym – exclusively for residents.

For those looking for that little bit extra, there is the option to have a private swimming pool installed in the ground floor apartments – a subtle touch of exclusivity that will take your home to the next level.

This project is ideally located in a quiet but well-connected area, within easy reach of the beaches of the Mar Menor, natural parks, shops, restaurants and all daily amenities. Thanks to the well-thought-out layout and favourable orientation, each apartment enjoys plenty of natural light and an open, functional living space.
