## Costa Blanca, Jacarilla

In the charming village of Jacarilla, in the middle of the fertile Vega Baja of Alicante, an exclusive new-build project is emerging that combines modern living with peace, comfort and beautiful views of the surrounding countryside. This stylish complex consists of 37 contemporary apartments with two or three bedrooms, each with its own parking space and storage room. The homes are designed with convenience and liveability in mind, with fully equipped bathrooms, a furnished kitchen and electric shutters for added comfort and security. Thanks to the pre-installation for air conditioning, it is easy to create a pleasant indoor climate, all year round.

The ground floor apartments have a private patio, while the first and second floor homes offer spacious terraces overlooking the serene countryside. On the roof there is a communal solarium and a relaxing chill-out style pool, ideal for relaxing with panoramic views of the surroundings.

Jacarilla itself is a traditional Spanish village with a warm character, surrounded by citrus groves and with excellent connections to nearby towns and beaches. Orihuela is just ten kilometres away, and the Mediterranean is within fifteen minutes. Golf courses, shops and restaurants are also within a short drive.

These new build apartments not only offer a wonderful place to live or holiday, but also make an attractive investment in an up and coming area of the Costa Blanca.

Contemporary apartments for sale. New apartments with beautiful views.
